NORMAL LOSES 34-0

MARYVILLE-MISSOURI-WESLEYAN GAME GOES TO CAMERON.

LOCAL TEAM OUTCLASSED

Home Boys Outweighed Almost Thirty Pounds to a Man—All-State Players in Lineup.

"34 to 0, with Maryville rolling the goose egg," is the report that comes from the Maryville-Missouri-Wesleyan football game played at Cameron yesterday.

This was the first conference game of the season for either of the teams, and consequently it was watched with much interest by the followers of both teams. The Wesleyan team outweighed the Normal team almost thirty pounds to the man in the line, and probably fifteen or twenty pounds in the back field. Together with this they had two all-state men in the lineup, Ritz and Eberhard, who played full and half respectively. Each weighed 210 pounds. Besides these there were also two all-state second team men on the team. Most of the Normal players said, "We were just simply out-classed in every way." But one Normal player said, "They looked bigger than they really were."

Wesleyan kicked off to Maryville. Maryville was rushing the ball down the field for good gains when Capt. Pickens was knocked out and had to be taken out of the game. His place at quarter was taken by Bird, but Andrews at half called most of the signals. Most of the gains of Cameron were through the left half of the line. They scored a touchdown in the first quarter and two in the second. At the beginning of the third quarter Captain Pickens took his place at quarter and Bird was shifted to Andrews' half. The Maryville line seemed to be holding good, but about the middle of the quarter Pickens was taken out of the game again on account of injuries. Then Bird was shifted back to quarter and Andrews put in at half. Ritz made two of the touchdowns, Eberhard two and an end man one. Four goals were kicked. Total 34-0.

Most of the boys came back last night. Coach Palfreyman, Captain Pickens, Nichols and Farmer stayed over in St. Joseph. Girard went directly from Cameron to his home at Pattonsburg and Brown to his home at Jamesport.

The following was the lineup:

Capt. Pickens, q.; Brown, c.; Scott and Farmer, e.; Andrews and Hubbard, h. b.; Girard, f. b.; Byerrum and Hahn, t.; Nicholls and H. Sawyers, g.; Bird, C. Sawyers, Gannon and Hartman, substitutes.

The next game on the Normal schedule will be Highland college of Highland, Kan., at Maryville, Friday, October 27.

NEW YORK FAVORS WILSON

Editor of N. Y. Evening Post Finds Surprising Change of Front in Regard to President.

Special to The Democrat-Forum.

New York, Oct. 21.—Democratic national headquarters here today gave out the following: Oswald Garrison Villard, editor and owner of the New York Evening Post, which has not been supporting President Wilson's candidacy, is making a personal tour upstate. In a dispatch to his newspaper last night from western New York, Mr. Villard reports an unmistakably and surprising drift to President Wilson, which he says is strong.

"Particularly in the small towns," he adds, "This impression was strongly confirmed by the information gained during an automobile ride of 130 miles. From the beginning we stopped every man we met on the road. So remarkable were some of the statements made as to Republican dissatisfaction that they were hard to believe and could not have been taken at face value had it not been that they were so often checked up by the Republican sources of information. Everywhere the working men are flocking to the president, and if there are only a few farmers in every election district changing their votes it will take a smaller majority in New York City to carry the state for Wilson than the Republicans realize. Finally it should be noted that we ran across Republican dissatisfaction with the speeches of Mr. Roosevelt."

SHOES ARE COSTING MORE

Wholesale Prices Have Gone Up Fifty to Seventy-Five Cents a Pair.

Special to The Democrat-Forum.

Pittsburgh, Pa., Oct. 21.—Wholesale prices on men's and women's footwear have been advanced fifty to seventy-five cents a pair within the last few days, and certain lines have been withdrawn entirely from the market, because of shortage in leather, according to an announcement this week by officers of the Pennsylvania Shoe Travelers' association. The organization, which is composed of salesmen from various parts of the United States assigned to this territory, was formed lately. Many letters were read from firms manufacturing shoes announcing an advance of thirty-seven to sixty cents a pair on upper stock, and eight to ten cents a pound on sole leather.

OZARKS TO GARDNER

AUTHORITIES CONCEDE 4 OUT OF 5 VOTES FOR DEMOCRAT

LAMM UNPOPULAR THERE

Attack on Land Bank Act Proves a Telling Blow to Political Aspirations in That Section

Jefferson City, Oct. 21.—"Four out of every five votes, Republican as well as Democratic, cast in the Ozark counties will be for the Land Bank Constitutional Amendment, regardless of the efforts of Judge Lamm, the Republican nominee for governor, to defeat this popular rural credits measure by statements which cannot be substantiated," stated A. T. Edmondston, secretary of the Land Bank Committee today.

"Traveling men and others who have recently been through the Ozark counties, most of which are heavily Republican, say that the Land Bank Act is the most popular measure ever put before the voters of that section, and that the vote there will be almost unanimous, and that these counties, regardless of the fact that they were formerly Republican, will go for Frederick D. Gardner, the Democratic nominee for governor.

"Included in this prognostication are Butler, Cape Girardeau, Christian, Dallas, Dade, Cedar, Douglass, Franklin, Gasconade, Hickory, Jasper, Jefferson, Laclede, Washington, Stone, Morgan, Ozark and Perry counties. Those who know the situation there say that the majority for Gardner alone in these counties will easily be 7,500, constituting a complete reversal of the figures, by which they formerly went Republican. There is hardly a farmer in the Ozark region who is not for Gardner for governor. Traveling men state that many of these will vote the entire Democratic ticket from Wilson down. The situation is the same in Barry, Benton, Bollinger, Camden, Harrison, Howell, Lawrence, Madison, Miller, St. Francois, Wright, Wayne and Webster counties, which are either generally slightly Republican or classed as doubtful. Gardner will carry every one of these heavily.

"It is predicted that Gardner, in south Missouri alone, outside of Kansas City and St. Louis City, but including St. Louis county, will have a lead over Lamm of from 40,000 to 50,000, and that he will do equally as well in north Missouri. These figures may seem huge, but conditions in the counties as they were found by traveling men who recently passed through them, indicate that Lamm will run way behind the balance of the Republican ticket, and that all of the other G. O. P. candidates will be defeated. The 1916 victory will be almost as heavy as the one of 1912, when the Democratic ticket broke the record for pluralities in Missouri.

"The assertion that Lamm is the candidate of the most vicious and worst faction of the Republican party, especially in St. Louis, Kansas City and St. Joseph, has caused thousands of Republicans to decide to scratch him and substitute Gardner. His old age and the fact that he spends most of his time before audiences telling humorous stories in a manner far from humorous that all he does is to attack Democratic rule and that he never goes into details as to what he will do if elected governor, have driven many more Republicans away from him, not counting the large host he lost through his untruthful attacks on the Gardner Land Bank Act. Other Republican candidates are beginning to whisper to Republican leaders that it was a serious mistake when Lamm was put on the ticket. Swanger would have been a much stronger man, and he would not have made himself unpopular by attacking the Land Bank Act.

ABERDEEN-ANGUS HERD

Missouri Ruralist Comments On Excellence of Stock Belonging to Caldwell's at Burlington Junction.

The following from the Missouri Ruralist contains a comment on the excellence of the Aberdeen-Angus herd of C. D. and E. F. Caldwell of Burlington Junction, which was shown at the Missouri state fair at Sedalia:

Aberdeen Angus showed a western entry which won its share of ribbons and tightened competition. Congdon & Battles of North Yakima, Wash., brought their great herd to Sedalia and made it interesting for the C. D. & E. F. Caldwell entry, but Washington couldn't land a purple ribbon. The Burlington Junction, Mo., breeders took all championships. Apparently no other firm specializing in Angus cattle can grow 'em quite so good as our Nodaway county friends. Black Cap Betram was grand champion bull. Pride Petite was senior and grand champion cow. John R. Tomson, Dover, Kan., placed the awards.

LAMM'S CONTEMPT FOR THE PEOPLE.

One great reason why Lamm won't do for governor of Missouri is that he dispises the ability of plain people to see clearly and think straight, like those insufferable snobs who write of "the cultured class" and 'the unthinking masses."

He does not use these phrases, but, like the users of them, he has no respect whatever for the ability of the man in the street to see through humbug. Moreover, he doesn't care whether the man in the street thinks right or wrong, so long as his thought may be twisted to help along the fortunes of Judge Lamm.

One single fact proves this beyond doubt. That is his hanging, throughout the campaign, to the charge that the Gardner Land Bank Act, if made effective, would constitute a step toward single tax BY REASON OF ITS TAKING THE BURDEN OF TAXATION OFF MORTGAGES ON LAND.

This is utter nonsense. Judge Lamm could not have believed that everybody would credit it. But evidently he DID believe that only bankers, economists, etc.—the "educated class," in short—would see through it, and was willing to risk their hearty contempt for the sake of the vote of the "uneducated mass."

He is headed for the surprise of his life. It does not take a university training in economics to enable a Missourian to distinguish between taking a tax off and putting one on. He is used to thinking out much harder problems than that for himself. There may be states where predigested ideas administered by authority are swallowed by the people after a hasty glance at the label—but Missouri is assuredly not one of them. This is a Commonwealth where popular opinion is the result of popular thinking. Political policies are not handed down to the people by authority; they come up to those in office with the people's O. K. upon them.

Missouri is a patient state with respect to the treatment of aspirants for office, but there is, in her opinion, one unpardonable sin—and that is the kind of contempt for popular common sense which shows in Judge Lamm's amazing nonsense about single tax.—St. Louis Republic.

JUDGE LAMM'S SILLY POSITION.

Judge Lamm is greatly disturbed because the Gardner land bank bill provides that its management is to be placed into the hands of a board of governors composed of the governor, attorney general, secretary of state, state treasurer, state auditor and state bank commissioner, the latter as general manager.

What did the Republican congress do in 1911 under President Taft?

It established the great postal saving system and provided that the secretary of the treasury, attorney general and postmaster general should compose the board of managers, and designated the third assistant postmaster general (which position is now held by Governor A. M. Dockery of Missouri) as general manager.

The postal saving banks now have deposits aggregating one hundred million dollars.

The gentlemen named as managers are not expert bankers, but the Republicans were willing to trust them to conduct this stupendous enterprise of the government.

The postal saving banks have been in existence five years and no one has charged political favoritism.

These banks are being conducted at a minimum expense because officials already in the pay of the government are managing them. That explains their small cost to the people.

If the people of the nation can trust the secretary of the treasury, attorney general, postmaster general and third assistant postmaster general to manage this great system of postal banks, are not the people of Missouri, regardless of politics, willing to trust their state officials to manage the land bank?

Under this economical arrangement Judge Lamm believes the Gardner land bank bill will accomplish its purpose—take a burden from the farmers that they have been too long carrying already. He does not want them to have this relief as it would, perhaps, seriously interfere with some of his clients, the money sharks, who have been demanding the "last drop of blood' in interest and commissions.

The Gardner land bank bill means no more "farm foreclosures."

It means that the interest now being exacted by the money sharks will, under the land bank plan, more than pay off the loan, interest and principal.

But this does not meet with Judge Lamm's approval.

His position is unmistakable. He is against the land bank bill.

Are the farmers of Missouri for Judge Lamm?

Is there even a single Republican farmer in the state who will approve his position on November 7th by voting for him?

It is up to the farmer—low rate of interest under Gardner—continued high rate of interest under Lamm.

High School Notes

By WILLIAM VAN CLEVE

The first lap of the grind is over. The first six weeks' period ended last Friday. Grades will be given out Monday or Tuesday, and there will be sounds of rejoicing in the high school halls—also weeping and wailing.

* * *

There was only one assembly last week. At that time it was announced that the base ball team of last spring had been declared champions of northwest Missouri. Many students were heard to remark, "Base ball team? When did we have a base ball team?" which shows how fleeting is fame. At any rate, there is now a banner adorning the space above the south entrance to the assembly hall which declares to the world that M. H. S. has at last won a championship. The banner was made and presented to the high school by the Normal.

* * *

It is hoped that the students will put into practice the instructions given them by Coach Schultz in regard to football rooting. As most of the students know nothing about the game, it was necessary to tell them when to cheer and when to groan. Coach Schultz told them to cheer whenever one of our men knocked over one of the opposing team, because he is doing his duty. But if one of our men is knocked down, don't cheer, but sympathize with him.

* * *

One hundred and sixteen lyceum course tickets were sold at the high school this year. This is quite an increase over last year, when only 100 tickets were sold.

* * *

It is the intention of Professors McDonald and Magee to have at least one special assembly each week from now on. Prominent ministers, lawyers, doctors and business men of the town will be asked to come down and talk to the students at these assemblies.

* * *

The class in orchestra instruction under Mr. Hakel of the Conservatory held its first meeting last Thursday. Eleven or twelve students were present and more are expected to join. The cost of this instruction is only fifteen cents per pupil. M. H. S. students are fortunate in having the opportunity to learn to play a string instrument at such a low price.

* * *

Several of the students have been acting as assistant janitors during the past week. The sight of paper on the floor was so obnoxious to William Engleman that he remained after school to pick it up. And he is not the only one. Eugene Yeble and Craig Tinney were so imbued with the spirit of cleanliness that they contested hotly over the privilege of remaining to pick up the remains of a flower which was scattered over the floor. But when it comes to doing this work with neatness and dispatch the laurel must be awarded to Prof. Magee when he is under the watchful eye of Miss Rooker.

* * *

The beginning seniors held a class meeting Monday afternoon. They are beginning to feel quite at home in their exalted positions and to feel that a class meeting is just an incident in every-day life. In fact, they went about it so quietly and naturally that their last meeting was almost overlooked in this column. Feeling the need of something to furnish them inspiration, they decided that they must have a motto. They therefore chose that old favorite with musical clubs, "B sharp, B natural, never B flat, B square." Although "B square" is seldom seen on a musical scale, the class felt that something should be added on to the original motto to show their originality. The result is given above. They also decided upon the rose as their class flower. Their particular brand is known as the Aaron Ward or Erin Ward rose. The spelling seems to be optional, depending upon whether the wearer is Irish or Yankee. The sponsor of the class seems to be Irish, the chairman of the committee which selected the flower, Yankee.

* * *

Great fear is felt in the High School lest the girls are becoming profane. The following was heard in German class: "Well, I don't know what that damn weg means." (In justice to Lou it might be well to state that "dammweg" is the German word for highway).

The following occurred in history class:

Clarissa Whaley: "D-a-m, D-a-m, D-a-m—Oh, I don't know how to spell Damascus."

* * *

Here are two more from a history class:

The Island of Crete was located at the bottom of the Aegean Sea. Its importance in history was due to its location.

A royal providence was an early form of colonial government. Providence meant that they were there because God willed it.

We are reliably informed that in the state of Virginia winter wheat is harvested in the winter, about Christmas time.

Miss Ella Hazelrigg, who teaches in the ward schools here, went to Stanberry to visit over Saturday and Sunday with her parents.

Come In and See the Weber

Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel.

Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

W. W. Jones & Co.
And anything else in the Machine Line

YOU are probably feeling the "call of comfort" for winter days and evenings.

The two coats illustrated are comfortable and very stylish.

Key-Heizer Nuptials At Barnard Tonight.

Miss Ethel Key, daughter of Mr. and Mrs. J. L. Key of near Barnard, and Carl Heizer, son of Mr. and Mrs. Nicholas Heizer of Graham, will be married at 8 o'clock this evening at the home of the bride, at Barnard. The Rev. Chapman, pastor of the Methodist church, South, of Barnard, will officiate.

The house will be decorated in yellow and white, a profusion of flowers being used in adorning the rooms. The ceremony will take place under a trellised arch of yellow and white, with potted plants forming a background.

The bride will be attended by her cousin, Miss Lela Williams, and Clifford Heizer, a brother of the bridegroom, will act as best man.

The music will be furnished by Miss Mabel Heizer, a sister of the groom, who will play "Wedding," by Greig, and by Mrs. Otis Wallace, a sister of the bride, who will play "Believe Me if All Those Endearing Young Charms" before the ceremony, Lohengrin's "Wedding March" while the bridal party is assembling, "Thine Own" during the ceremony, and Mendelssohn's "Wedding March" during congratulation.

ROOSEVELT IN ARIZONA.

Elaborate Preparations Being Made to Entertain Visitor.

Special to The Democrat-Forum.

Phoenix, Ariz., Oct. 21.—Elaborate preparations are being made here today to entertain Roosevelt this evening. He may be "heckled" somewhat. WHAT THE EDITOR'S **Nodaway** SCISSORS FOUND

SKIDMORE NEWS.

Tuesday evening, while on his way home from school, Alfred King, six years of age, son of Mr. and Mrs. Ed King, fell and cut a deep gash in the palm of his right hand. An artery was cut and it was necessary to tie it to stop the flow of blood. The incision required several stitches to hold it closed.

A. J. Barker, Jr., has bought eighty acres of land five miles west of Barnard, known as the Claud Sewell farm.

William Donahue returned last week from Colorado Springs, Colo., where he and Mrs. Donahue have been for the past several weeks. Mrs. Donahue went for the benefit of her health, and we are glad to report that she is getting along nicely in the western climate. The doctor has advised her to remain there for about a year and a half. Mr. Donahue will hold a public sale Saturday afternoon, at which time he will dispose of his household and kitchen furniture. He does not intend to locate in Colorado before spring, but will continue to clerk, for a while, at least, for Manchester & Dodds. William Mitchell and family will occupy Mr. Donahue's residence property in the near future.

GUILFORD TIMES.

The prospects for the corn show and the domestic science exhibit are good. From all indications there will be many good exhibits. Let's have every district in the two townships represented.

The revival services which were begun at the M. E. church South, September 24, are still continuing with increased interest. Rev. S. M. Williams fo St. Joseph has been present most of the time and has given excellent service. Mr. Howell, the singer, is still assisting the pastor. The results up to October 17 were fifty conversions and forty-six additions.

M. T. Kling's sale at Barnard last Saturday was well attended and his hogs brought pretty fair prices. This is Mr. Kling's second effort along this line, and from the way he is collecting quality pedigreed stock we predict unusual success for him when once well established.

BURLINGTON JUNCTION JOST.

Everett Walker of Loveland, Colo., visited his brother, C. E. Walker, and family the last of the week. He went to St. Joseph Sunday for a short visit with his sisters, Mrs. L. C. Allen and Miss Anna Walker, who is her guest, before returning home. When asked how prohibition worked in Colorado, Everett said he believed the dry vote would be double what it was at the other election if the measure should come before the people again. It was predicted that Denver would suffer on account of its being a resort city, but there was "nothing to it." Crops are good in Colorado, and to use a prohibitionist's expression, "people are raising more corn and hogs and less hell," under the "dry" conditions, which adds to their prosperity.

Among those from Burlington Junction who attended the district conference in Maryville Tuesday evening and heard the address of Bishop Quayle, were W. N. Houston and family, Lee Yaple, Dr. G. C. Trusty, Verne Trusty, Mr. and Mrs. C. B. Zarn, Mr. and Mrs. C. I. Hann, Jenny and Dorothy Hann, Mrs. E. D. Maltby, Mr. and Mrs. T. A. Corken, Miss Mabel Corken, Miss Millie Kester, Dr. and Mrs. M. A. Gaugh, Mr. and Mrs. R. H. Rees, Mrs. C. E. Walker, Dr. and Mrs. C. E. Cossins, Miss Grace Davis.

Mrs. J. J. Wolf and her husband of Lockwood, Mo., and their daughter, Blanche, who was called here by the serious illness of her brother, A. J. Vansickle, left for their home Tuesday morning. Mr. Vansickle is improving.

CONCEPTION COURIER.

Mrs. J. Martin of St. Joseph underwent an operation at St. Joseph's hospital last week. Mrs. Martin was formerly Miss Lou Shafer and is well known here.

Miss Della Cain of Council Bluffs, Iowa, arrived in Clyde Wednesday morning for a visit with Misses Margaret and Leona Enis.

Mrs. C. W. Riley and little granddaughters, Alice, Eileen and Margaret Riley, of Clyde, visited from Friday until Sunday with her daughter and their mother, who is in St. Joseph's hospital at St. Joseph.

Mrs. P. V. Hart and little daughter, Lucille, returned Sunday from a two weeks' visit with relatives and friends at Marshalltown, Clifton and Rock Rapids, Iowa, Prophetstown and Chicago, Illinois.

HOPKINS JOURNAL.

In speaking of hogs it reminds us that John R. King & Son of this city last year sold a pig that was junior champion at the Maryville Fair this year. These men raise the pure bred Durocs and have a great herd. Roy King attended the National Swine show at Omaha, making a study of the best hogs of the Duroc breed, and came home satisfied that the King herd is of the right kind. But none are too good for them and they will add valuable animals to the herd this fall and winter. They now have several males for sale, including a litter sired by the grand champion boar at Frisco. Also some late gilts and fall pigs. That King & Son have the "right kind" is evidenced by the fact that they always top the market with hogs shipped to St. Joseph.

Jake Shearer is driving as fine a pair of Shire 3-year-olds as ever graced the road, having taken them as part pay on the big Oakland car he recently traded off. Vern Jeffers and his brother Clem also made a little auto trade this week, Vern trading his Ford for Clem's Buick car.

Tom Mathers was taken suddenly and dangerously sick one day last week, being threatened with pneumonia, but we are glad to say that Dr. Kirk reports him as greatly improved at this writing.

ELMO REGISTER.

A. L. Smith's team, driven by his daughter, Miss Alta, got away Saturday, breaking the buggy tongue and damaging the harness some. Miss Alta and Miss Mary Johnston were in the buggy, but neither were hurt.

Willie Bales is working now in the Bart Monroe barber shop, having quit the shop at Blanchard. They will run a pantatorium in connection with the shop, and it will be possible to get a suit cleaned almost any time. The Register is glad the boys have started a claning establishment and hopes they may have good business.

The Lee Light company began putting up a "high" wire this week to protect the system from lightning. We have been bothered quite a bit by lightning and it is to be hoped this will stop the trouble. Workmen have been at work a good while, but only began at Elmo Tuesday.

Mrs. Earl Watson and daughter returned from Sioux City, Iowa, Wednesday of last week. She seems to be somewhat improved in health, which is good news. Mr. Watson went up to Sioux City to bring her home.

Mrs. Helen Blackford and three children concluded their visit here with relatives—the Weddles—and left for her home at Maryville, Tuesday. Her sister, Miss Opal Weddle, accompanied her home for a visit.

RAVENWOOD GAZETTE.

J. B. McKee of Topeka, Kan., is the guest of his uncle, J. S. McKee, and family this week.

Benton Smith and sons, J. J. and O. E., and wife arrived home last Saturday from a visit with relatives and friends at Hillsdale, Wyo., making the trip of over fifteen hundred miles without any trouble of any kind.

Reports are coming to this office every day that chicken thieves are operating south of Ravenwood. There is only one cure that we know of for this dreaded disease, and that is to load up that old shot gun with salt and pepper and make sure your aim.

BARNARD BULLETIN.

Mrs. Walter Hagin, last Monday morning had the misfortune to cut her hand severely on a glass jar, it being necessary to take two stitches in order to close the wound. She was tightening a jar of fruit when the top broke off, cutting her hand near the wrist, barely missing the arteries. At present she is getting along nicely, but is suffering much pain.

Monday evening about six o'clock the little two-year-old child of Herbert Warren got hold of a bottle of poison and very nearly swallowed some of it. She was hurried to a physician, and it was found that her lips were burned by the poison.

Rex Hainey and Cecil Moberly were out hunting squirrels last Sunday, when the former met with an accident, suffering a painful cut on his hand. They were up in a tree trying to get a squirrel and were enlarging the hole into which it had gone when Rex's hand got in the way of the axe and was severely cut.

BREAD PRICES MOVE UP

With Advance of Wheat and Other Ingredients, Bakers Are Prepared to Advance Loaves to Seven Cents.

Special to The Democrat-Forum.

Chicago, Oct. 21.—When B. H. Dahlheimer, president of the Master Bakers' association of Chicago, observed shortly after the opening of the board of trade that wheat had advanced 2¾ cents more, December at the selling at $1.71½, he said:

"That settles it; something must be done or there will be 7-cent bread in Chicago."

Mr. Dahlheimer and a committee tried to bring the matter to the attention of President Wilson here yesterday to urge an embargo on exportation until the domestic situation is relieved, but the president's schedule was too crowded.

"We will take the matter up with our congressman at once and arrange in that way to bring the matter before Mr. Wilson," said Mr. Dahlheimer.

J. R. Brink at Mound City.

Twenty-five years ago, and ten years previous to that time, Mr. Brink was a live number in Mound City, sharing in its public enterprise and making himself generally useful. For the past twenty-five years he has been allied with the best interests of Maryville, and the many enterprises brought to notice through him and his assistance, within that time is complimentary to his and their ability.

Mr. Brink spent Monday in our little city visiting our school and noting our advancement during his absence.—Mound City Journal.
